

## 4 MYSTERIOUS CASES

HELP MIA LONDON WITH HER NEW CASES!  
HERE ARE A FEW OFFICIAL VARIANTS TO  
CATCH SOME NEW SCOUNDRELS...

### ROOKIE DETECTIVE (for an easier game)

Play all Rounds by laying out the Accessories in 4 piles rather than reducing the number of piles every round.

*"This should give your eyes time to adjust."*

### EXPERIENCED DETECTIVE (slightly tougher)

Play all Rounds by laying out the Accessories in only 1 pile.

*"You've been on the force a while, you should be able to do it!"*

### VETERAN GUMSHOE (things are getting serious...)

Play all Rounds by laying out the Accessories in only 1 pile, like in the previous variant, but this time you only enter the Accessories into your Investigation Booklet at the very end, once you have seen ALL the cards!

*"This could be your toughest case yet, old-timer."*

### SHERLOCK POIROT (the Impossible Variant... challenge your parents!)

After having removed 1 card of each type during setup, shuffle ALL the cards together, and the Chief Investigator places them all out, one at a time, in 4 piles; the entire game is played in only one Round. You only enter the Accessories into your Investigation Booklet at the very end, once you have seen ALL the cards!

*"We warned you that it was impossible!"*
