

# MASTER *Word*

## FAMILY

Lots of people have enjoyed playing *Master Word* with their families, even if the game wasn't originally developed with family play in mind. Because of this, we've come up with a little variant to make the game even more accessible to players of all ages and skill levels!

### *Joker*

The Guide may place a Joker (and only one) each Round. In other words, they will have 6 Jokers for the game, but only one per Round.

And there you go! Pretty simple, isn't it?
